**ANOTHER LOUISA CASE**

It Proves That There's A Way Out for Many Suffering Louisa Folks.

Just another report of a case in Louisa. Another typical case. Kidney ailments relieved in Louisa with Doan's Kidney Pills.

J. H. Compton, prop. of machine shop, says: "I am glad to give Doan's Kidney Pills my endorsement for publication, as I have treated with them off and on when my kidneys were out of order and they have given me quick relief. In my line of work there is much stooping and straining and my back, at times, would get very lame and painful. My kidneys, too, wouldn't act regularly and I was feeling all out of sorts. Dizzy spells and headaches also caused me to feel worse. After using Doan's Kidney Pills at these times, however, which I got at the Louisa Drug Store Co., my troubles left me. They have never failed me any time that I have treated with them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Compton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Adv.)

**THE U. S. USCO TREAD**

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

**United States Tires are Good Tires**

**The standard tire likes nothing better than to prove its service**

PEOPLE used to be secretly envious of the young fellow who came tearing up the street and stopped his car with a jerk.

Now they are inclined to criticize such abuse of tires. A mark of the growing consciousness about tires—their service, their work, their value.

This same respect for a good tire is the reason why the four-square tire dealer has passed up odds and ends, "job lots", "seconds", "cut prices"—and come out squarely with the standard quality service of U. S. Tires.

He is getting a bigger, and also better, tire business than he ever had before.

He is dealing now with his own kind

"Here is a man in close touch with one of the 92 U. S. Factory Branches"

of people. The substantial citizen. The man who knows that you can't get something for nothing. The steady customer—not the bargain hunter.

To the man who has not yet learned the standard tire service he is entitled to we say—

Go to the dealer in U. S. Tires and make him show you.

Here is a man in close touch with one of the 92 U. S. Factory Branches—a constant supply of fresh, live U. S. Tires.

The U. S. Tire you buy is a tire built for current demands. No overproduction. No piling up of stock. No loss of mileage by hanging around on the dealer's racks.

Every way you look at it, a par quality tire at a net price.
